Printer Data

All printing material must be supplied in digital form. The supply of data as a PDF file is regarded as standard and is preferred over other file formats.

Data Delivery

All data files transmitted to us must indicate the title and order numbers (i.e.: Friday_AB_Nummer.pdf). The material deadline is Thursday before publication at 14:00.

Print-ready digital artwork

PDF files in PDF/X-1a, PDF/X-3, PDF/X-4 format
Compliant with ISO 15930-7 standard
All image, vector and text elements in CMYK
Trim marks
3 mm bleed off on all sides
Image resolution:[nbsp]300 dpi
Text and picture elements that may not be trimmed must be situated 8 mm from the format edge.
Type area placement:[nbsp]outside 14 mm, inside 14 mm, upper 20 mm, lower 14 mm
Text and picture elements[nbsp]that extend into the centre may become illegible due to folding differences of up to 2 mm. Minimum distance: 8 mm.

Data Transmission

Email: friday@20minuten.ch
(no size restrictions for email attachments)
Post/courier: 20 Minuten AG, Druckmaterial, Werdstrasse 21, Postfach, 8021 Zurich

Completeness check

We require a binding printing proof to carry out a completeness check. If this is not made available to us when the data file is submitted, we can assume no liability for correct implementation of the file in print.
